GUEST SPEAKER MR KEN REID

**Thursday, 9th September 2010
8.00pm for 8.30pm
Miramare Beach Hotel,**

As if running the London Marathon was not challenging enough, consider battling the last 19 miles with a painfully strained calf... and now imagine you cannot even see the road ahead.

The guest Speaker this evening was diagnosed with degenerative eye condition, Retinitis Pigmentosa in 1986 and is now almost completely blind.

The illness, which also affects his mother and sister, is incurable but research to alleviate the symptoms of the disease is ongoing.

He will tell us this evening of his experience in his Marathon fund raising—both serious and comic.

**Open to non-members
Pre-booking required
Tel: Bob Buckerfield -25-470582—99-754042**
